Nairobi, Kenya • +254 110 654 321 • mleinadm@gmail.com • github.com/mleinadm

Certified AI Engineer and Information Systems professional with 15+ years of experience applying technology, data intelligence, and digital systems to drive regulatory compliance, operational efficiency, and strategic decision-making. Seeking to leverage expertise in AI, information security, and systems management in an IT or AI leadership role.

PROFESSIONAL EXPERIENCE

Assistant Manager, PVoC Programme

September 2021 – Present

Kenya Bureau of Standards

Leading the design and oversight of data-driven conformity assessment systems, managing large-scale databases of certifications, registrations and licences to support evidence-based regulatory decisions. Driving digital dissemination of programme information across stakeholder networks. Applying risk profiling frameworks and intelligence analytics to imported product data, coordinating with international bodies on trade data sharing. Championing continuous improvement of information management processes aligned with ISO 30401:2018 Knowledge Management Systems.

Acting Manager, PVoC Programme

July 2019 – December 2023

Kenya Bureau of Standards

Directed the end-to-end technology and data infrastructure underpinning a national import inspection programme. Oversaw the design of digital monitoring and evaluation systems for contracted inspection agencies, utilising KPI dashboards and performance analytics to drive compliance outcomes. Led risk management framework implementation integrating intelligence data from local and international stakeholders for automated risk profiling. Spearheaded adoption of knowledge management systems and mentored staff on digital tools and data-driven practices.

Principal Inspection Officer

August 2020 – September 2021

Kenya Bureau of Standards

Analysed large datasets of certification records from inspection partners to identify patterns, anomalies and compliance gaps, producing actionable intelligence reports for management. Designed and implemented the Enriched Certificate of Conformity (CoC) digital programme as per Government Directive, integrating new data fields and automated validation rules. Coordinated digital processing pipelines for Import Standardisation Mark applications and maintained regulatory databases for consolidator registrations.

PVoC Officer

December 2013 – July 2020

Kenya Bureau of Standards

Maintained and administered the PVoC information system, ensuring accurate capture, processing and dissemination of conformity assessment data including Certificates of Conformity and Non-conformity Reports. Developed and maintained digital content for the PVoC website and contributed to the design of data collection instruments. Applied ISO/IEC 27001 information security principles to safeguard regulatory data. Utilised data analytics to identify substandard product trends and generate intelligence reports for cross-agency sharing.

Assistant Quality Assurance Officer

November 2011 – November 2013

Kenya Bureau of Standards

Implemented and maintained the Quality Management System (QMS) within assigned sectors, applying ISO 9001 principles to digital records management and audit trail integrity. Managed laboratory sample data systems and generated analytical reports from test results. Participated in the development of Kenya Standards, contributing technical data reviews. Supported the deployment of KEBS digital certification mark schemes and trained stakeholders on system usage.

Head, Samples Control Department & IT Lead

2010 – October 2011

Good Manufacturing Practice (GMP) & Allied Certification Corp. Ltd

Designed and deployed an integrated laboratory information management system (LIMS) to digitise sample tracking, coding and traceability across all departments. Built and administered the organisation's local area network (LAN) and internet infrastructure. Developed the organisation's digital content strategy and created multimedia training materials. Established ISO/IEC 17025-compliant test planning workflows and database structures to support accreditation requirements.

Quality Analyst & IT Head

2009

Good Manufacturing Practice (GMP) & Allied Certification Corp. Ltd

Established the organisation's Textiles Testing Laboratory from the ground up, including design of a digital Quality Management System and IT infrastructure. Served as head of IT services, managing all technology systems. Conducted data analysis on laboratory results to support quality decisions and marketing strategies.

Earlier roles: Power Line Casual Employee – Kenya Power & Lighting Co. (Aug–Dec 2008) • Industrial Trainee – Sunflag Textile & Knitwear Mills Ltd (Jun–Aug 2008) • Industrial Trainee – Nakuru Industries Ltd (Jun–Aug 2008) • Voter Registration Clerk – Electoral Commission of Kenya (Aug–Sept 2006)

EDUCATION

Master of Science – Information Systems Management 2018 – 2023
KCA University

Bachelor of Technology – Textile Engineering 2003 – 2008
Moi University

Kenya Certificate of Secondary Education (KCSE) 1998 – 2001
Kyuso Secondary School

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

2025 • Certified Artificial Intelligence Engineer (CAIE™) – United States Artificial Intelligence Institute (USAII®)
2017 • Certified Information Systems Security Professional (CISSP)
2020 • ISO 30401:2018 Knowledge Management Systems Implementation
2016 • Advanced Financial Modelling using Microsoft Excel
2014 • Six Sigma Yellow Belt
2013 • ISO/IEC 27001 Information Security Management Systems
2013 • Internal Quality Auditing
2013 • ISO 9001:2008 Quality Management Systems Requirements
2023 • Contract Management Training
2023 • Import/Export Documentation & Inspection Processes in U.S. Ports
2023 • Anti-Bribery Management System (ISO 37001) and Related Legal Framework
2022 • ISO 17020:2012 Implementation Course – Kenya Accreditation Service (KENAS)
2022 • ISO 19011:2018 Internal Audit Training
2022 • Seminar on Quality, Safety and Supervision for Developing Countries
2022 • Operationalisation of Authorised Economic Operators
2022 • Employee Mentorship and Coaching Training for Mentorship Champions
2017 • Effective Supervisory Skills
2016 • ISO 9001:2015 Transition Course
2012 • Investigations Training – Criminal Investigation Department (CID)
2010 • ISO/IEC 17025 Implementation, Method Validation and Documentation

SKILLS & COMPETENCIES

Standards & Conformity Assessment: ISO 17025:2017 • ISO 17020:2012 • ISO 9001:2015 • ISO 14001 • ISO 27000 Series
• OHSAS 18001 • ISO/IEC 17065:2012

Artificial Intelligence: Machine Learning • AI Systems Design • Prompt Engineering • AI Ethics & Governance • Data Analytics & Modelling

IT & Systems: Windows & Linux Administration • VMware Virtualisation • Docker Containerisation • Information Security • Data Analysis

Programming & Databases: Python • VBA • MySQL • PostgreSQL • SQLite

Productivity & Tools: Microsoft 365 • Digital Content Development

PROFESSIONAL AFFILIATION

Gazetted Inspector – Kenya Gazette No. 5032, 25th July 2014

Member – International Association of Engineers, Member No. 135818
